Risk Specialisation

Adding to our suite of specialisation options, Chartered Accountants ANZ has collaborated with the AGSM at the University of New South Wales (UNSW) to offer our dynamic new Risk Specialisation Program. Through two flexible pathways, the program presents a unique opportunity to sharpen your skills, gain formal accreditation and realise new opportunities as an expert in this maturing field.

Become a trusted leader in a key growth area

The new Risk Specialisation Program can help you build your skills and your reputation in the growing areas of risk management and advisory.

Designed for the current economic climate and beyond, it covers essential topics such as governance, enterprise risk management, strategic risks, financial risks, operational risks, data governance and risk culture.

Formal accreditation

The Risk Specialisation Program is available to Chartered Accountants ANZ Members residing in Australia, New Zealand or internationally.

Upon successful completion of the Risk Specialisation course, participants can apply for formal accreditation as a Risk Specialist (affiliate members) or a CA Risk Specialist (full CA members).

“We’ve co-designed a new online course with the AGSM at the University of New South Wales which underpins the CA Risk Specialisation to ensure members completing the specialisation training have a deep understanding of risk and compliance. The specialisation will formally recognise members for the depth and rigour of their skills and knowledge, elevating them as a trusted expert.”

Ross Tilly FCA, Chair of CA ANZ Risk Committee

“Realise new opportunities as an expert in this rewarding field.”

Build your personal brand

Being a recognised risk specialist can help you carve out a reputation that sets you apart and reflects your depth of knowledge and expertise.

Once accredited you can add your accreditation descriptor under your name on all correspondence, and you’ll have option to leverage the Chartered Accountants ANZ’s specialist banner for your business and marketing collateral.

Open new doors

Risk specialists are well-positioned to accept referrals from other practitioners, strategic partners, associated professionals and clients.

Stay ahead

Interact with peers who share your interests and keep up with the latest solutions to evolving issues around compliance and risk.

As well as exclusive invitations to educational networking events, your Chartered Accountants ANZ membership status entitles you to receive a discount on any related conferences. You will also have access to complimentary professional development courses exclusive to CA Risk Specialists.

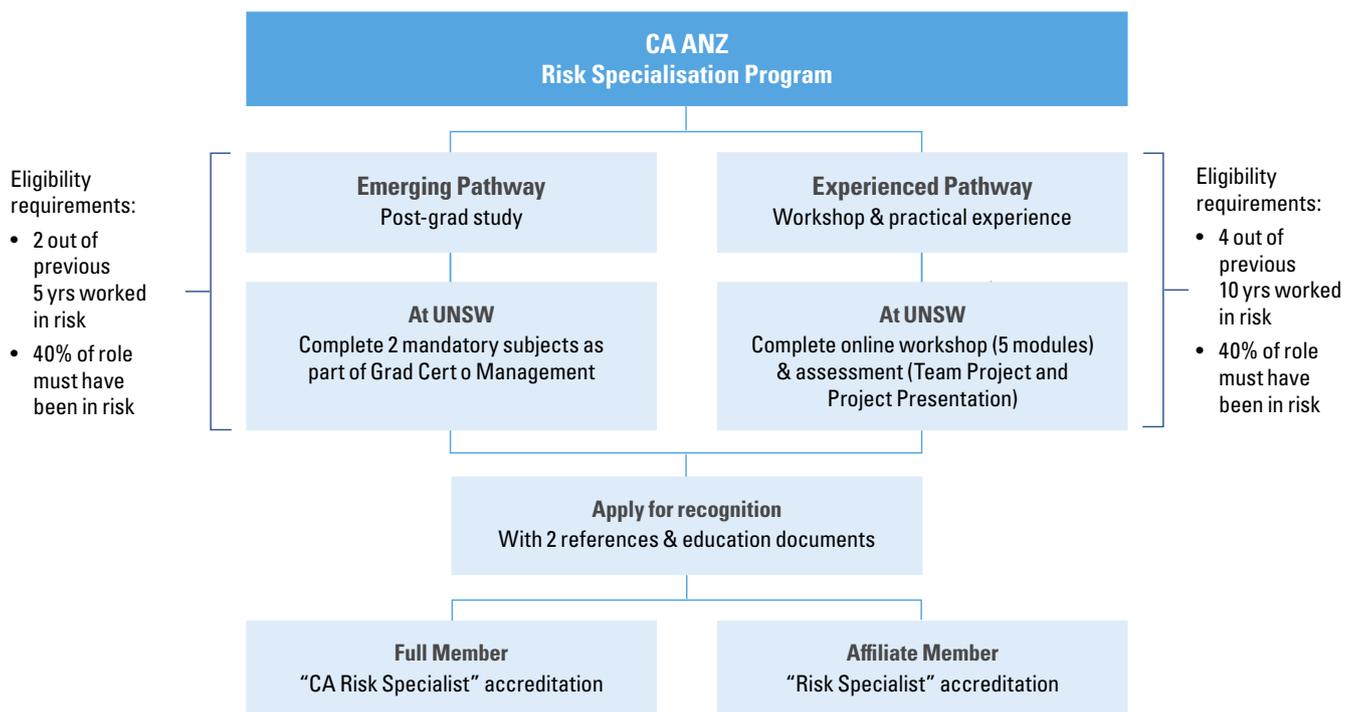

Choose your pathway to Risk Specialisation

Emerging Pathway or Experienced Pathway

The program can be completed through postgraduate study if you have at least two years' risk experience, or by completing an online workshop and an assessment if you have at least four years' risk experience.

Both pathways are facilitated by the Australian Graduate School of Management (AGSM) at the University of New South Wales (UNSW) Business School.

"Being a risk specialist helps you carve out a reputation that sets you apart and reflects your expertise in this complex and vital area."

Key dates

Check the [Chartered Accountants ANZ website](#) for the up-to-date information on intake and enrolment dates.

"Risk specialists are well-positioned to accept referrals from other practitioners, strategic partners, associated professionals and clients."
